935 Moisture Tester

The Shore Model 935 Moisture Tester provides versatile testing operation and is ideal for grading and for monitoring hot corn direct from the dryer. This tester also makes a great farm tool to verify the moisture content of grain prior to shipping the grain to market.

Features:

- ◆ Sharp 4.3-inch color touch-screen display with intuitive menu for easy operation.
- ◆ Able to test hot corn.
- ◆ Internal weighing and temperature measurement system.
- ◆ Preprogrammed at the factory with accurate moisture calibration profiles for many grains.
- ◆ Auto save moisture test reports to a USB flash drive.
- ◆ Integrated scale & printer.
- ◆ Printer has capacity for paper rolls.
- ◆ Easy to move and store.
- ◆ Power supply: 100-240 VAC 50-60Hz.
